

MACRO TOOL CRAFTS

One Stop Solution for Precision Moulds & Moulding

ABOUT US

Macro Tool Crafts (MTC), is a commercial Tool Room with an experienced technocrats in design & development of high precision moulds, jigs and fixtures with ensuring high-quality and reliable solutions.

Established in 2024, to Aim & Cater the requirements for FMCG, Medical & Beauty-care, Electrical, Electronics and Automotive business sectors.

With all our collective experience together we ensure for customer delight and adhere to the committed timeline with an quality output.

Our molds come with an assured lifecycle and stand by to assist with any technical challenges in the future.

MACRO TOOL CRAFT (MTC) is supported with Sri poojitha enterprises a sister concern injection molding unit which will be a valued addition for the mold trails & validation

Tooling Infrastructure

- 20+ Tool-Room professionals with hands on experience in mould manufacturing
- In-house Tool design & Manufacturing facilities.
- 2 VMC
- 2 EDM
- All conventional machines
- Capacity - 50 moulds per annum
- In-house Quality Lab
- Mould Maintenance & Modification support for our moulding units

OUR TOOL ROOM

Awaiting Machine

**1 CMM - Accurate CMM
(Expansion Plan)**

Developed New Molds For

Solar Application

Battery

Electrical

Medical

Injection Moulding

- 12+ Injection Moulding machines working range from 25T to 250T completely closed loop machines.
- All our machines are equipped with Hopper Dryers, Hopper Loaders and MTC.
- Processing expertise in engineering polymers like. PA6/PA66/ABS-FR/PC/PBT/SAN
- All Comercial Plastics like PP/PPCP/HDPE
- Insert Moulding
- Product Sub Assemblies
- Secondary Process: Pad Printing & Screen Printing on Finished parts

Our Clientle

 **PILOT INDUSTRIES LIMITED** **Land Marshal**
Seal of farmers trust **AGASTYA
AGRO LIMITED**
An ISO 9001-2000 Company**ALPLA****Aptar** **Blowups
International** **K**
KRANTI METALS **SIFLON**
Drugs & Pharmaceuticals Pvt. Ltd.
Quality is our Strength **TRICOM****ARIHANT**
